

Strawberry Elementary School

School Accountability Report Card

Reported Using Data from the 2013-14 School Year

Published During 2014-15

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

About This School

Contact Information (Most Recent Year)

Web Site	www.bvusd.org

School Description and Mission Statement (Most Recent Year)

Welcome to the Bennett Valley Union School District!

The Bennett Valley Union School District has a long, rich history of excellence in education and community involvement. The district was born in 1853. Originally it was called the Santa Rosa District and was located near present-day Galvin Park. It was named the "Bennett Valley District" in 1942. The Strawberry District, 1857-1952 was the other nearby district, named for the wild strawberries in the area. The two districts merged in 1952 and became the Bennett Valley Union School District.

The district's schools are located in southeast Santa Rosa in quiet, residential neighborhoods, combining the best of rural and suburban settings. Our district serves approximately 1,000 students from pre-kindergarten through sixth grade on its two campuses. Yulupa School serves our transitional kindergarten through third grade students and also offers an on-site preschool in the Bennett Valley Child Development Center provided by the 4 C's Community Child Care Council. Strawberry School serves our fourth through sixth graders. Both schools have on-site childcare run by the YMCA. In 2014-15, we began our partnership with the Boys and Girls Club of Central Sonoma County to provide a new, after school homework center and academic enrichment program.

The Bennett Valley Union School District is one of the top-performing districts in the Sonoma County. Both schools have earned Academic Performance Indicator Rankings of over 890 and both have been redesignated as Distinguished Schools by the State of California. Nevertheless, our work in the district is never done. We are committed to making continuous improvement in our curriculum and programs.

During my 24 years working for the Bennett Valley Union School District, first as Principal of Strawberry Elementary School (1991-1994) and as District Superintendent since 1994, I've seen our community persevere through many challenging times and challenging budgets. In my opinion, there are three keys to what makes our district successful.

The first key is the consistency throughout our district and throughout the years: top-notch teachers, innovative programs, intentional and focused staff training, high curriculum standards, and consistent leadership. Our academic curriculum encourages students to learn, reinforce, and apply their learning throughout the core subjects. Our academic support programs provide a carefully woven and planned fabric of support designed to challenge and meet the needs of all students at all academic levels. Both schools have fully-staffed technology labs and multi-media learning center/libraries, each with extensive collections of over 15,000 titles appropriate to the students in the grade levels served. Several remedial and enrichment opportunities exist on both campuses.

The second key is caring. I marvel at our teachers' legacy of commitment to their students and profession. Our teaching and support staff are unbelievable. In addition to being enthusiastic about children and learning, they work extremely well together as a team making important decisions about allocation of resources, and are committed to ensuring that the district mission and vision are realized--to nurture all students to achieve to the fullest measure of their potential! Our staff is relentless in its work to ensure the success of each student. Their excellence never rests nor diminishes!

The third key is partnership. Extensive collaboration prevails district-wide. We have a joint School Site Council with faculty, staff, and parent members from both schools; and two district-wide 501 (c) 3 non-profit parent organizations—the Bennett Valley Alliance of Parents and Teachers (BVAPT) and the Bennett Valley Education Foundation (BVEF). Volunteerism is encouraged and the support of the community has always been strong. Our parents want their children to go to school in a safe environment with a comprehensive and enriched academic curriculum where student growth and education is nurtured, and they participate fully in the process. Thanks to the Bennett Valley Education Foundation (BVEF), our curriculum includes visual and performing arts lessons provided to all classes by both professional artists and trained docent parents who volunteer in our Art Docent program. The BVEF provides support for the extracurricular band and chorus programs as well. The Bennett Valley Alliance of Parents and Teachers (BVAPT) raises needed funds to provide a well-rounded enriched curriculum to all students which includes assemblies, field trips, technology, and the educational materials needed to bring the curriculum to life.

The Bennett Valley Union School District is a wonderful place for the entire school community - especially children!

In this document, we are pleased to offer you comprehensive information about our programs, human resources, facilities, and budget. The School Accountability Report Card (SARC) is a reporting document required under the Proposition 98 Educational Accountability System signed into law in 1998 to allow parents, the Department of Education, and taxpayers to compare an annual snapshot of schools. This edition reports on the 2013-14 school year. The information in this report, combined with other required reports described below, offers a comprehensive look at our schools and programs:

The Single Plan for Student Achievement is a planning document required by the State which includes school goals, activities, and expenditures for improving academic performance of students to the proficient level and above, delineating actions and categorical funding required for program implementation. This document includes the budget, student performance data, and programs. It is entitled "A Focus on Results, End of Year Reports, and Single Plan for Student Achievement" and available on our website: www.bvusd.org.

To reduce redundancy, we combine our Single Plan for Student Achievement and our required Local Educational Agency (LEA) Plan. Per the Federal "No Child Left Behind" law, districts use the LEA plan to describe the actions they will take to ensure that they meet the four federally required performance goals:

- All students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics by 2013
- All limited-English-proficient students will become proficient in English and reach high academic standards, at a minimum, attaining proficiency or better in reading/language areas and mathematics
- All students will be taught by highly qualified teachers
- All students will be educated in learning environments that are safe, drug-free, and conducive to learning.

Local Control Accountability Plan (LCAP): The LCAP was first required in 2014 to detail how districts will use the funding provided in the state's new Local Control Funding Formula (LCFF) to address the state's 8 priority areas: Basic Services, Student Achievement, School Climate, Student Engagement, Implementation of Common Core Standards, Parent Involvement, Course Access, and Other Student Outcomes.

All three of these documents are posted on our website and available to parents and community members in an attempt to further the partnership that makes our schools strong. Please feel free to contact me with any concerns or ideas that will help make the educational experience of our children the best it can be.

Dr. Sue Field, Superintendent

Purpose, Mission and Vision

The fundamental purpose of the Bennett Valley Union School District is to educate young people with the highest possible quality instruction and to nurture students' intellectual, physical and social growth, helping each to achieve to his/her highest potential.

Mission and Vision: The mission of the Bennett Valley Union School District is to deliver a superior educational experience to each child by working relentlessly to ensure student mastery in the fundamental skills they will need for their continuing education and life. We provide many opportunities for all students to apply and use their knowledge in successful and meaningful ways. Within a learning climate that encourages innovation and creativity, children are nurtured to learn a broad-based academic and extended curriculum necessary for their continuing and future success. Our vision is inspired by Hodding Carter: We endeavor to give our children roots, the academic foundation, self-concept, and positive attitude upon which success in school depends. At the same time, we give our students wings— the thinking skills, creativity, flexibility, enthusiasm and broad world view to soar beyond the commonplace.

Our Partnership for Excellence has 4 Perpetual Goals. Annual goals, objectives and action plans are written to address specific areas of need within these broader goals:

- Goal #1: Create and maintain a high performance organization based on mutual respect, courtesy and professionalism
- Goal #2: Work in partnership to assist each student in making measurable progress each school year
- Goal #3: Maintain fiscal integrity
- Goal #4: Develop and maintain a community outreach program

Vision for Technology: The Bennett Valley Union School District will provide technological resources and experiences for its students, parents, faculty, staff, and administration in preparation for the workplace and life long learning in the twenty-first century. Our vision is to utilize computers and other educational technology as a natural and integral part of learning and teaching, and as a part of student performance data analysis, communication with parents, staff and all stakeholders. To that end, each classroom is equipped with a data projector, digital camera, sound system, teacher laptop, wireless teacher microphone, and student computers. The Computer Labs are fully staffed and have full class sets of high quality computers for students for their use during their weekly curriculum-integrated technology lessons and at other times during the school week. Both libraries also have computers for book searches, research, and to take Accelerated Reader tests.

Strawberry School
Mr. Scott Humble, Principal

At Strawberry Elementary School, our mission is to increase the knowledge, the skills, and the well-being of every student through a school-wide commitment that assures safety, instills respect, and both models and requires responsibility. Our highest priority is to develop independent, life-long learners who seek to learn and enjoy learning, aspiring to their personal best in an intermediate-grade school setting designed to provide them with the support, the foundation, the self-discipline, inventiveness, and creativity they need to succeed in middle school, high school, college and/or careers. We honor and demonstrate respect for the human dignity and the immanent worth of each individual involved in our school community. We value the diversity of our community and we work synergistically with the families of our students to provide the opportunities and educational support each student needs.

Strawberry School serves fourth, fifth, and sixth grade students in a safe, respectful, supportive, engaging, purposeful, and challenging environment that is conducive to the highest achievement and best learning for our students. Our comprehensive curriculum is integrated to allow students to apply and reinforce their learning throughout the core subjects and beyond. All students are provided a rigorous, standards-based academic program in language arts, mathematics, science, history/social studies, physical education and visual and performing arts. Strawberry School students have the opportunity to participate in an active Student Council, social interaction groups (Lunch Bunch with the counselor, counseling interns, or other trained staff), and a library club as well as in academic competitions such as the County Spelling Bee (which students from Strawberry School have recently won twice), the National Geographic Geography Bee, the County Chess Tournament (annually hosted by our school), and the Lego Robotics Tournament. Other opportunities include lunchtime intramural sports programs call "noon league" with basketball, soccer, and softball, an interscholastic 4th - 6th grade basketball league for boys and girls, band, chorus, flag and shield team programs, and a rich program in the arts, including dance, music, and visual arts. After-school program offerings for GATE students include Spanish, French, painting, ceramics, technology, videography, robotics, and science. Additional classes in art, chess, cooking, and drama are offered through the Parks and Recreation Department and other youth-oriented community groups and individuals.

Students are taught environmental stewardship. They participate in "Walk and Roll to School" days during which they learn to be safe while providing self-powered transport to and from school on bikes, skateboards, skates, or scooters. Each year the fourth and fifth grade classes have instruction on bicycle and pedestrian safety. The fourth graders all have a day of hands-on training about bicycle safety during a Bicycle Rodeo near the end of the year. The sixth grade participates in an intensive hands-on study of early humans and in a four-day environmental studies field trip at Walker Creek Ranch in Marin County each year.

Strawberry School students thrive—achieving personal growth in a safe and supportive atmosphere where their progress and success is frequently monitored, acknowledged, and celebrated. We measure success through our evaluation of the whole child—the academic progress, the growth in responsibility, and the good citizenship that the students learn and practice. The State testing program, the DIBELS reading and comprehension tests, and the teacher- and publisher developed assessments help measure student progress toward state and national targets in English/Language Arts, Math, Science, History, and Physical Education. Teachers analyze student performance data from several sources for each of their students throughout the school year as well as at the beginning and end of each year to help determine areas in need of attention and to design ways to maximize student progress.

Students are screened for reading fluency and comprehension a minimum of three times per year, and much more frequently if they fall below proficiency standards. Specific educational interventions to meet students' identified needs are provided through a Response to Intervention (RtI) program of targeted assistance in reading and through assessment and remediation in the classroom in both language arts and mathematics. In addition to measuring their improvement on quantifiable objective measures, student progress is measured through the use of complex long-term projects that require a high degree of problem-solving, effort, creativity, and scholarship. The staff participates in researching new textbook adoptions and works hard to move instruction to Common Core.

Strawberry School first became a California Distinguished School and Nationally distinguished school in the 1980's. The Distinguished School status was again achieved in 2006 and most recently again in 2012. We have maintained the programs and the high achievement and scores that qualified us for the distinguished designation.

- The California Healthy Kids Survey and two locally developed surveys were given to parents to help us obtain information about their perceptions of all of our programs. Our entire staff--teachers, paraprofessionals, maintenance and operations, playground supervisors, administration continues to provide the expertise and the caring environment that help our students maximize their gifts and achieve their personal best success. Our whole school community--committed staff, parents, our two amazing non profit parent organizations- -along with the well-prepared students we receive from our partner school, Yulupa Elementary—combine their educational energy and enthusiasm to create an enjoyable and productive learning environment for all students—an atmosphere and a group of people of which we are all justifiably proud.

Student Enrollment by Grade Level (School Year 2013-14)

Grade Level	Number of Students
Grade 4	148
Grade 5	142
Grade 6	145
Total Enrollment	435

Student Enrollment by Group (School Year 2013-14)

Group	Percent of Total Enrollment
Black or African American	1.4
American Indian or Alaska Native	1.1
Asian	3.2
Filipino	1.4
Hispanic or Latino	17.2
Native Hawaiian or Pacific Islander	1.1
White	68.0
Two or More Races	6.4
Socioeconomically Disadvantaged	18.9
English Learners	8.5
Students with Disabilities	12.9

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

Teachers	School			District
	2012-13	2013-14	2014-15	2014-15
With Full Credential	19	19	19	49
Without Full Credential	0	0	0	0
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	

Teacher Misassignments and Vacant Teacher Positions

Indicator	2012-13	2013-14	2014-15
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments *	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2013-14)

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100.00	0.00
All Schools in District	100.00	0.00
High-Poverty Schools in District	0.00	0.00
Low-Poverty Schools in District	100.00	0.00

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program. The Bennett Valley USD does not have any high poverty schools.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

Year and month in which data were collected: September 2014

There is an adequate supply of high-quality materials for all students. All students, including English Learners, have access to their own textbooks and instructional materials, to use in class and to take home. The texts are State Board-approved and standards-aligned. We adopted new standards-aligned texts, "California Treasures" from McMillian McGraw Hill in 2011. We are very satisfied with the program for K-5. We needed to exchange the sixth grade elementary program for the sixth grade middle school version to begin the 2012-13 school year. The program has been showing great results in student learning! For 2015-16, we will be adopting new common-core standards aligned math texts and materials.

We have a wonderful visual and performing arts program that does not include a textbook. Working artists provide visual and performing arts lessons in each class. We also have a before-school band and chorus program for Strawberry students. The program is sponsored by our Bennett Valley Education Foundation and parents.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	McMillan McGraw Hill's Treasures Language Arts 2011-12	Yes	0
Mathematics	Saxon 2009-10; We will be adopting new Common Core Math Materials for 2015-16	No	0
Science	Scott Foresman (4-5) 2007; Houghton Mifflin (6th) 2008	Yes	0
History-Social Science	Scott Foresman (4-5) 2007; Harcourt (6th): 2007	Yes	0
Health	Glencoe/McGraw-Hill Health Series (4-6), 2001 Healthy You (4-5); Teen Health (6th)	Yes	0
Visual and Performing Arts	We offer visual and performing arts via actual professional artists--Artist in Residence--technique, critique, art history and art process; multicultural music, movement and dance; art docents, and an extra curricular band and chorus program (Not textbook based)	The visual and performance arts curriculum is not textbook based	

School Facility Conditions and Planned Improvements (Most Recent Year)

District Facilities: Yulupa School, our TK-3rd grad school, was built in 1976 and dedicated on October 3, 1976. Strawberry School, our 4th-6th grade school, opened in 1977. The District's Facilities Improvement Plan is continually maintained and updated with both long and short-range goals resulting in districtwide facilities and grounds that are safe, attractive, and conducive to student learning in today's society. All classrooms and libraries are wired and networked appropriately to make use of the latest educational technology. Solar power throughout both schools provides the majority of our electricity needs. Buildings take advantage of the latest advances in energy efficiency in lighting, heating/air conditioning, roofs, and meet the Americans with Disabilities (ADA) Act mandates. Classroom layouts facilitate grade-level teaming to support teaching and learning. The facilities are clean and in good repair. Adult and student restrooms and all toilets and urinals are kept operational. Older restroom facilities at Strawberry were modernized in 2004.

The State Williams lawsuit generated additional requirements for California's school districts. Districts must now be more specific in reporting the condition of their facilities. In the Bennett Valley School District our facilities are in good shape. They are well-maintained. Repairs are handled in a timely fashion. Our Facility Improvement Plan has been almost fully implemented with recent renovation, modernization, and maintenance improvement. Our school facilities and playgrounds were audited by Redwood Empire Schools Insurance Group (RESIG, our insurance joint powers authority) for safety during the 2013-14 school year. Our playgrounds meet current safety standards and all of RESIG's recommendations were implemented.

Our custodial and maintenance staff for 2013-14 included three full-time custodians, 1 full-time landscaper, and a full-time Director of Maintenance and Operations. Since we have added significant square footage to Yulupa's campus, beginning 2014-15, we added back the position of Assistant Groundskeeper/Custodian that had been cut during the State's fiscal crisis. The custodians empty the trash and vacuum classrooms daily and clean the sinks twice per week or more if needed. On a weekly basis, they clean the chalk/white boards. Every summer, the carpets are cleaned (new carpets take steam without soap), hard floors are waxed, chairs are power-washed, and desks are waxed.

The district has made several major improvements in its facilities in the past 10 years. In November 2010, the District's voters passed Measure J, a 10.6 million dollar general obligation bond that has permitted us to replace Yulupa's aging temporary/portable classrooms, construct a new multipurpose room, remodel the former multi-use room into a new library, remodel the former library into a Learner Center complex, and at both sites, install solar panels and renovate PE facilities. In addition, we renovated three thirty + year old portables and created a new District Office Complex, moving from the aging District Office portable. These projects began during the spring of 2011 and were completed in spring 2013. In 2014, the removal of the old District Office portable and expanded parking were completed.

School Facility Good Repair Status (Most Recent Year)

School Facility Good Repair Status (Most Recent Year)				
Year and month in which data were collected: November 2014				
System Inspected	Repair Status			Repair Needed and Action Taken or Planned
	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	[X]			
Interior: Interior Surfaces	[X]			
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	[X]			
Electrical: Electrical	[X]			
Restrooms/Fountains: Restrooms, Sinks/ Fountains	[X]			
Safety: Fire Safety, Hazardous Materials	[X]			We added security cameras to the schools in summer 2014.
Structural: Structural Damage, Roofs	[X]			Roof repairs were completed at Strawberry during the 201-3-14 school year

School Facility Good Repair Status (Most Recent Year)				
Year and month in which data were collected: November 2014				
System Inspected	Repair Status			Repair Needed and Action Taken or Planned
	Good	Fair	Poor	
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	[X]			New swings--seats and chains were installed to replace the old swings in December 2013.

Overall Facility Rating (Most Recent Year)

Overall Rating	Exemplary	Good	Fair	Poor
		[X]		

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Assessment of Student Performance and Progress / Standardized Testing and Reporting Results for All Students in Science (Three-Year Comparison)

Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)								
	School			District			State		
	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14
Science (grades 5, 8, and 10)	83	73	85	82	73	85	60	59	60

Note: Science assessments include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA). Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

California Assessment of Student Performance and Progress Results by Student Group in Science (School Year 2013-14)

Group	Percent of Students Scoring at Proficient or Advanced
All Students in the LEA	85
All Student at the School	85
Male	84
Female	86
Black or African American	
American Indian or Alaska Native	
Asian	
Filipino	
Hispanic or Latino	65
Native Hawaiian or Pacific Islander	
White	86
Two or More Races	
Socioeconomically Disadvantaged	65
English Learners	73
Students with Disabilities	
Students Receiving Migrant Education Services	

Note: CAASPP includes science assessments (CSTs, CMA, and CAPA) in grades 5, 8, and 10. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Academic Performance Indicator: From 2002-03-2012-13, the State annually released the Academic Performance Indicator for each public school and district in California. Bennett Valley students maintained consistently high performance on State tests and achieve well above the state API target of 800.

School Year	District		Strawberry		Yulupa	
	Base	Growth	Base	Growth	Base	Growth
02-03	830	844	852	849	800	835
03-04	846	849	851	867	840	845
04-05	848	864	856	867	836	859
05-06	864	862	867	852	859	877
06-07	860	867	850	875	875	854
07-08	869	872	877	882	855	855
08-09	865	894	873	896	848	889
09-10	892	883	893	895	891	865
10-11	883	890	895	897	865	881
11-12	891	901	898	909	881	894
12-13	901	891	908	888	895	895

Note: 2012-13 was the last year that students were tested with STAR and APIs were calculated.

In the table above, The BASE score summarizes the performance on the test taken in the spring of the year before with the state's necessary statistical manipulation to ensure a comparable formula for the year. The GROWTH score summarizes the performance on tests taken in the spring of the year reported. The State changes the weighting and the formula on which API's are based regularly. To account for this, they recalculate the API to determine statistically comparable base and growth numbers for the year. We are very proud of the achievement of our students and of the work of our dedicated teachers and support staff and all they do to continually approve their work for our kids!

Academic Performance Index Growth by Student Group (Three-Year Comparison)

Groups	Number of Students Included in 2011 Growth API	2011 Growth API	Number of Students Included in 2012 Growth API	2012 Growth API	Number of Students Included in 2013 Growth API	2013 Growth API	Non-Weighted 3-Year Average API*	Weighted 3-Year Average API*
Schoolwide	385	897	391	909	397	888	898	898
Black or African American	16	840	19	930	14	880	883	886
American Indian or Alaska Native	5		6		7			
Asian	28	931	23	947	18	969	949	946
Filipino	4		4		7			
Hispanic or Latino	62	788	65	817	71	814	806	807
Native Hawaiian or Pacific Islander	3		5		5			
White	261	916	259	926	257	904	915	915
Two or More Races	6		10		18	887		
Socioeconomically Disadvantaged	94	789	90	840	107	832	820	821
English Learners	0		44	795	38	800		
Students with Disabilities	57	755	60	789	53	763	769	769

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information. Blank cell – This indicates that the school or student group did not have a valid 2011, 2012, and/or 2013 Growth API. Therefore, a 3-Year average could not be calculated.

Standardized Testing and Reporting Results for All Students (Three-Year Comparison)

Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)								
	School			District			State		
	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13
English-Language Arts	78	84	76	76	80	76	54	56	55
Mathematics	77	76	74	79	76	77	49	50	50
History-Social Science							48	49	49

Note: STAR Program was last administered in 2012-13. Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The state begins History-Science testing at 7th grade

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of English, mathematics, and physical education.

Physical Fitness Area	Total Tested ¹ in Grade 5	Number Grade 5 Students in <u>HFZ</u> ²	% Grade 5 Students in HFZ	% Grade 5 Students in Needs Improvement	% Grade 5 Students in Needs Improvement - Health Risk
Aerobic Capacity	139	120	86.3	10.1	3.6
Body Composition	139	101	72.7	15.8	11.5
Abdominal Strength	139	126	90.6	9.4	N/A
Trunk Extension Strength	139	128	92.1	7.9	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

Parental involvement is a hallmark of our district. Parents partner with us to ensure that we are able to deliver the very best education possible for all students. Our comprehensive curriculum includes the visual and performing arts and a fitness based physical education program as well as building a solid foundation in the core academic subjects—Language Arts, Math, History and the Social Sciences, and Science. Parents volunteer in the classrooms, libraries, and in after school programs, present curriculum-integrated art lessons to our classrooms as “Art Docents”, chaperone field trips, serve on advisory committees, and provide leadership and membership on School Site Council, the Bennett Valley Alliance of Parents and Teachers, Bennett Valley Education Foundation, or on the Board of Trustees.

Board of Trustees: The Board is comprised of five members, each serving a four-year term. Members are elected through the general election held in November. Candidates must be California citizens, registered voters, and live within district boundaries. Agendas for the monthly meetings are posted at both schools, the District Office, on the website, and in the monthly Newsletter. The main functions of the Board are to employ and evaluate the superintendent, establish district policy and monitor the budget; and to set and monitor the implementation of annual and long-range goals. To learn more, please call the superintendent at (707) 542-2201.

School Site Council: A joint School Site Council comprised of parents, faculty, staff, and principals from both schools oversees all of the academic support programs, their funding, compliance with federal and state law, and evaluation of those programs. Representatives are elected by their peer groups to serve two-year staggered terms. The Site Council meets one afternoon per month and serves also in a budget advisory capacity to the Board of Trustees and as the LCAP planning committee. The Site Council chairperson can be contacted through either school site. The School Site Council reviews and analyzes student assessment data, receives parent and staff input, and works to determine and to address the needs of all students including English learners, educationally disadvantaged students, gifted and talented (GATE) students, and students with exceptional needs.

Committees for Parents of Students in Academic Support and Enrichment Programs: The English Language Advisory Council (ELAC) is comprised of parents of students in our program for English Learners who meet to review the program, the master plan, the budget, and the student performance and progress of our English Learners. Parents of students in our Title 1 program meet annually to review the program and have designated the Site Council to represent their interests through a designated Title 1 member on the Council. Parents of students in the Gifted and Talent Education Program (GATE) can join the GATE Advisory Council which oversees the GATE program, its budget, and its evaluation with the program coordinators, district superintendent Sue Field and Strawberry principal, Scott Humble.

Technology Committee: The Technology Committee is comprised of staff from both schools. The Committee develops and monitors the implementation of the Technology Plan and student technology curriculum, helps direct and provide technological professional development to staff, troubleshoots and envisions the next phases.

Bennett Valley Alliance of Parents and Teachers (BVAPT): BVAPT is a private, non-profit, charitable corporation that raises needed funds to provide assemblies, field trips, library books, instructional materials as well support for reading, PE, science, faculty allowances, and computer technology. BVAPT organizes community events including the Walkathon, Gingerbread House Night, Holiday Boutique, Sock Hop, Kindergarten Picnic and Family Fun nights. When a prominent district parent and community leader, Dan Peletz, died in 1994, the Daniel L. Peletz Educational Park Committee was incorporated to turn the area surrounding Yulupa School into an educational park. Today the park contains several study-sized specialty areas that mirror the many ecosystems of Sonoma County. Once the park was completed in 2002, the charter was turned over to the BVAPT. The BVAPT may be contacted through either school.

Bennett Valley Education Foundation (BVEF): BVEF is a private, non-profit corporation that generates revenue through our District Family Directory, Legacy Tile Nights, Valley of the Arts auction (launched in April 2009), and the annual contribution campaign. Monies raised support the Art Works/Music Scores program, which brings professional artists to both schools to provide lessons in visual arts and art history, multi-cultural music and dance lessons, dramatic assemblies and workshops. Additionally, BVEF funds allow for curriculum-integrated art docent lessons provided by trained parent volunteers. The Foundation funds a portion of the cost of our Band and Chorus programs at Strawberry School along with the parents of the musicians and the Eagles' Music Boosters. Our Eagles' Music Boosters is a group of volunteers that raise funds to offset the cost of band and chorus. BVEF members can be contacted through the District Office. You can get involved in any of our volunteer organizations by calling the contact person listed, the superintendent, or either of the school principals. For information on how to get involved, please call Yulupa School's principal John Eberly at (707) 542-6272 or Strawberry's principal, Scott Humble at 707 526-4433.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14
Suspensions	0.5	1.4	1.8	1.3	1.8	2.3	5.7	5.1	4.4
Expulsions	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

School Safety Plan (Most Recent Year)

School Safety Plan (Most Recent Year): The Comprehensive School Safety Plan and the Emergency Preparedness plans are updated annually. Before school begins each year, all district employees receive training and copies of the plans. In August 2008, all employees received a comprehensive training in the National Incident Management System (NIMS) and the State Emergency Management System (SEMS). Each August thereafter, all employees receive review training in NIMS and SEMS and in specific elements of the plan. Additionally, all employees receive certification training in CPR and First Aid every other year, and update training in the off years.

Our Emergency/Disaster Preparedness plan is updated annually and is compliant with both state and federal requirements and includes disaster preparedness, emergency protocols (per NIMS and SEMS), the comprehensive school safety plan [required by Title IV] and a host of policies and procedures designed to keep our schools, students and staff safe. All district employees attend annual mandatory trainings in a variety of first aid and safety topics including: blood-borne pathogens, anaphylactic shock, CPR, first aid, safety in the workplace, and disaster preparedness.

Eleven of our employees were certified in 2006 as community emergency responders and helped train the rest of the staff in key aspects of disaster response: search, rescue, triage, first aid, fire suppression, etc. The fully updated Comprehensive School Safety Plan and Emergency Preparedness Plan was reviewed and approved by the Site Council in November 2014, and by the Board of Trustees in December 2014. The Comprehensive School Safety Plan was re-reviewed and approved by Site Council in January 2015 and by the Board of Trustees in February 2015.

There are annual incidents of vandalism and graffiti, and occasional incidents of theft. The Leadership Team analyzes these incidents and implements plans to make the schools safer. In 2014, security cameras were added to both schools to protect the solar arrays and enhance school safety. A new emergency text notification system was activated in December 2014.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Federal Intervention Program (School Year 2014-15)

Indicator	School	District
Program Improvement Status		Not In PI
First Year of Program Improvement		
Year in Program Improvement*		
Number of Schools Currently in Program Improvement	---	0
Percent of Schools Currently in Program Improvement	---	0.0

Note: Cells with "---" do not require data.

* DW (determination waiver) indicates that the PI status of the school was carried over from the prior year in accordance with the flexibility granted through the federal waiver process.

Average Class Size and Class Size Distribution (Elementary)

Grade Level	2011-12				2012-13				2013-14			
	Avg. Class Size	Number of Classes			Avg. Class Size	Number of Classes			Avg. Class Size	Number of Classes		
		1-20	21-32	33+		1-20	21-32	33+		1-20	21-32	33+
4	29.2	0	5	0	23		5		30		5	
5	26.6	0	5	0	29		5		28		5	
6	24.2	0	5	0	26		5		29		5	

Note: Number of classes indicates how many classes fall into each size category (a range of total students per class).

Academic Counselors and Other Support Staff (School Year 2013-14)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor		
Counselor (Social/Behavioral or Career Development)	.25	---
Library Media Teacher (Librarian)		---
Library Media Services Staff (Paraprofessional)	1	---
Psychologist	.3	---
Social Worker		---
Nurse	.3	---
Speech/Language/Hearing Specialist	.5	---
Resource Specialist	2	---
Other		---

Note: Cells with “---” do not require data. One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Expenditures per Pupil and School Site Teacher Salaries (Fiscal Year 2012-13)

Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Supplemental/ Restricted	Basic/ Unrestricted	
School Site	\$8,686	\$1,751	\$6,935	\$57,010
District	---	---	\$5,493	\$57,527
Percent Difference: School Site and District	---	---	26.3	-0.9
State	---	---	\$4,690	\$57,931
Percent Difference: School Site and State	---	---	47.9	-1.6

Note: Cells with “---” do not require data.

Types of Services Funded (Fiscal Year 2013-14)

Our Academic Support Programs to Assist those Struggling to Master Standards

As a result of the new State funding formula, entitled the Local Control Funding Formula (LCFF), the district no longer receives many “categorical” sources of funding. However, we are using supplemental and basic funding to continue to develop, implement, and fund programs to meet the needs of students as determined using the results of multiple assessments of student progress and staff and parent input. Over the years we have developed a deliberate, tightly woven fabric of comprehensive support for all students via our classroom and special support programs. The programs are evaluated at least annually to ensure that they continue to work together, build upon each other, and offer developmentally appropriate, programmatic continuity for students. Our goal is for all students to achieve the fullest measure of their potential in reading, writing, and math, to improve annually, and to meet State and district performance targets:

1. State Tests: To achieve at the “Proficient” or “Advanced” levels in English/Language Arts and Math, and in Science at the fifth grade. (For 13-14, the State piloted a new the testing program and did not give individual student results to districts.)
2. On-going assessments conducted throughout the year: DIBELS (Dynamic Indicators of Basic English Literacy Skills), Accelerated Reader, Math Assessments.
3. End of Year District Assessments: To achieve “at” or “above” grade level standards in reading, writing, and math.

Programs: Special Education: The purpose of Special Education programs is to provide a free and appropriate public education that meets the needs of Special Education-eligible students as indicated on their Individualized Education Plan, and to assist each child in achieving to the fullest measure of his/her potential in the Least Restrictive Environment appropriate. Students are eligible for special education when a significant discrepancy exists between the cognitive ability and achievement, and they have a learning or other disability impeding their ability to reach potential.

Objectives:

- Students with special needs have equal access to the curriculum provided for all students.

- The special services received by each special-needs student support his or her participation in the regular program.
- The lessons and assignments received by the students with special needs are as rigorous and challenging for their diagnosed level as those received by all students.

Student work will show that students are experiencing success in learning the skills and concepts of the curriculum, and it will be evident that they feel successful as learners in each curricular area. The regular classroom teachers and those providing special services (school psychologist, school nurse, speech and language clinician, Resources Specialist teachers, Special Day Class teacher) meet regularly to plan and implement each student's program of instruction. Yulupa has one Special Education teacher with two instructional paraprofessionals. Strawberry has 2 Special Education teachers, each with the equivalent of a full day paraprofessional provided by three paraprofessionals. The services of the other specialists are shared based on need.

English Learners: All Bennett Valley teachers have specialty credentials authorizing them to teach English learners in their classes. They provide at least 30 minutes per day of "English Language Development" that can be integrated into the classroom curriculum or done in special groupings with EL students. In addition, both schools have specially trained EL paraprofessionals who work with student either in a "push in" or "pull out" manner to give them "pre-teaching" pre-class exposure to a lesson or classroom reading, then support with the companion work, and post teaching to ensure mastery in addition to explicit English Language Development.

Response to Intervention: In 2007-08, the district began DIBELS assessments to pinpoint areas of need in remediation. Two grade levels (K and 3rd) then piloted proficiency-based grouping for reading intervention. All students, based on their assessments, were placed in groups by proficiency for 40 minutes per day, four days per week to receive specific and targeted instruction designed to remediate deficits of those not achieving proficiency and enhance instruction for those achieving at or above grade level expectations on State standards in Reading. Students were reassessed and regrouped several times throughout the year as indicated by progress monitoring. Students made amazing progress. The pilot was so successful, that we expanded it to all grade levels beginning in 2008-09. Since then, each grade level has tailored the invention to the need, employing a variety of strategies to do so. Struggling students receive special instruction in decoding, phonics, blends, fluency, comprehension, etc. Those students who are already have mastered standards are participating in extension activities such as higher leveled readers, literature circles, etc. All students are assessed three to four times per year and as determined by grade level teams, may placed in "reading exchange groups" (Yulupa) or "Targeted Learning Communities" (Strawberry). These groupings address the diagnosed needs of each child. This district-wide approach has replaced the after-school targeted instructional programs. Rather than the thirteen students per grade level (the maximum number that the after school program could accommodate) each child is receiving instruction at his/ her level and is able to move up through the levels as he/she progresses in the mastery of standards!

Academic Enrichment Programs-- Libraries:

Both schools have Multi-Media Learning Centers (MMLC), also referred to as libraries. Each contains a collection of over 15,000 items including books, videos, magazines, CDs, models, and other multi-media teaching materials. The collection covers the curriculum as appropriate for the grade levels served at the school. The library collection catalog is fully automated and can be accessed via the Internet and from every computer in the district and outside the district. There are two student computer terminals in each library that offer the automated card catalogue, Internet access, and word-processing capabilities. The expanded library and the computer lab share a building complex that allows integration of both programs. Each class has a weekly session in the library. The library program consists of reading stories related to the curriculum or featured authors, library skills lessons, and discussion of holiday celebrations and seasonal events such as Columbus Day, Arbor Day, African-American History and Women's History Months, Earth Day, Constitution Day, Presidents' Days, etc. Every year the students participate in the California Young Reader Medal voting. Each library is staffed by a multi-media specialist for six hours per day.

Computer Technology: The district's comprehensive technology plan includes a specific emphasis on supporting reading instruction, including the use of Accelerated Reader in grades 1-6, and the Follett library system in both school libraries. While technology cannot replace a skilled teacher, the effective use of well-designed technology-based supports can provide additional resources for students, especially those potentially at-risk for reading failure. Currently, the district uses technology to: match student reading levels and text difficulty for supplemental reading using Accelerated Reader; provide assessments to monitor student progress; provide additional differentiated practice in skills, strategies, etc.; provide access to informational and research sources/websites for teacher and students; and enhance communication and promote the sharing of data, problem-solving, etc. among district professionals and parents. First through sixth grade classes visit the computer lab weekly. The curriculum involves appropriate training so that students learn to use technology as a tool for research, writing, assessment, academic skills development and practice, communication, etc. All students have access to computer technology and filtered Internet from each classroom, library, and computer lab. In 2004-05, the Tech Committee, comprised of employees and parents from both sites, updated the Technology plan and resubmitted it to the State. It is due for an update in 2015. Each teacher was required to take an on-line technology assessment to determine staff development needs, and an updated staff development component was developed that endeavors to provide teachers with the training needed to integrate technology as appropriate in the curriculum and use technology to increase efficiency. In August 2005, each teacher was given a lap top computer from our APT and we began the migration from Mac to PC. Both schools have recently acquired wireless Internet. Strawberry has virtual field trip and video conferencing capability. Our technology plan also includes the use of technology to increase district efficiency in attendance accounting, business services, record keeping, communication, library services, etc.

Gifted and Talented Education (GATE--4th -6th grades): Our GATE program incorporates differentiated instruction and acceleration as appropriate in the regular class, as well as optional after-school enrichment classes. The optional after-school classes offer students opportunities to work with other GATE students on topics of interest (Spanish, Science, Art and Community Service, Computer Technology, Mandarin, Robotics). Parents of GATE students and their teachers create a Gifted Learning Plan for each GATE-identified student annually. A GATE Advisory Committee meets to review the program, eligibility, budget, and to analyze the annual GATE parent surveys for possible program improvements. Students are eligible for GATE by their achievement on the Structure of the Intellect (SOI) Test per SOI requirements. Those who are close to meeting SOI standards are eligible if they meet 3 additional criteria including superior achievement on state tests and district assessments, teacher recommendation, and performance in class.

Differentiated Instruction: Our objective is to meet the child's unique needs within the regular classroom. Students do not have to be GATE-eligible to have their needs met through differentiated instruction. Teachers receive high-quality professional development training in differentiating the curriculum to meet the needs of all students. Below are a few of the ways our teachers differentiate the curriculum:

Response to Intervention: Reading Exchanges at Yulupa and Targeted Learning Communities at Strawberry (see page 14 for details)

Accelerated Math: Strawberry teachers have devised ways to accelerate the mathematics curriculum as appropriate for students gifted in math who meet entry and continued eligibility requirements.

Accelerated Reading: Accelerated Reader, in addition to our core Open Court program, assesses students' reading levels and prescribes books for them to read at their particular level. A great many of books in the school library are coded by reading levels. After reading a book, students take a test on the computer to assess their understanding of the book they have read.

Writing: The 6 +1 Writing Traits and Writing by Design writing programs teach students to write in a variety of genres and with 7 traits: Ideas, Organization, Voice, Word Choice, Sentence Fluency, Conventions, and Presentation; with a comprehensive assessment matrix that challenges students at all levels to improve.

Projects: Our teachers work very hard to ensure that class projects have application and challenge for students with a wide range of abilities. All students are expected to work to their potential on class projects.

High Expectations: All of our students are expected to apply themselves and to work to their potential.

Local Control Accountability Plan (LCAP): The LCAP was a new requirement for districts. As a result of our 2013-14 LCAP development and stakeholder input processes, the district is funding/implementing the following district priorities for 2014-15 in addition to the programs listed above::

Homework Centers at both sites run by the Boys and Girls Clubs of Central Sonoma County that provide a place and assist students in completing homework and provide after school enrichment that includes character education and is offered on a sliding scale.

A three part parenting series offered in both English and Spanish by Triple P parenting and the “Firm, Fair and Consistent” publication.

An increase in counseling services from a half to a full time counselor. This, coupled with the services of our counseling interns, has enabled us to offer more needed services to students in the form of individual and small group counseling on a host of topics including friendship, divorce, grief, better school performance, etc.

Increased alternatives to the playground during lunch recess such as “lunch bunch”, chess, library hours, etc. in addition to noon league (at Strawberry).

Restoration of the custodial/grounds maintenance position cut during the State Fiscal Crisis.

Continued restoration of the two days of instruction and one day of professional development for teachers lost due to the State Fiscal Crisis.

Enhanced “digital citizenship” curriculum to help students understand and maintain a positive digital footprint.

High quality professional development for teachers in Common Core Math focusing on helping students build a strong conceptual base and procedural fluency in math.

Restorative justice model to help families with truant students increase school attendance and engagement with the support of Recourse Mediation Services.

New positive incentive system at Strawberry with the support of the Classroom Heroes program.

After school fitness program for students with special needs.

Teacher and Administrative Salaries (Fiscal Year 2012-13)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$41,983	\$38,970
Mid-Range Teacher Salary	\$55,765	\$56,096
Highest Teacher Salary	\$77,336	\$71,434
Average Principal Salary (Elementary)	\$109,668	\$91,570
Average Principal Salary (Middle)	\$0	\$97,460
Average Principal Salary (High)	\$0	\$99,544
Superintendent Salary	\$128,986	\$107,071
Percent of Budget for Teacher Salaries	36	36
Percent of Budget for Administrative Salaries	5	7

For detailed information on salaries, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Professional Development

We completed an audit of all teachers and all are “highly qualified” per NCLB regulations. One teacher is also National Board Certified. Several have Masters degrees.

Ongoing professional development of the school staff is an important part of improving the school program. Professional development is linked to employee personal professional goals, schoolwide goals, and district goals. All teachers participate in professional development programs during each school year. Teachers work a 186 day calendar with 180 days for student instruction and six professional development days. For three years during the State budget crisis, we have had three furlough days for certificated staff and furloughs for classified staff resulting in 178 days of instruction for students and five staff development days. We were happy to return to a 180 day student year in 2013-14. There are monthly faculty and grade-level meetings for business items, sharing best instructional practices, analyzing student assessment data, etc. All of our teachers have received special certification to teach English learners. New teachers are supported through the assignment of a district mentor teacher and participation in the County Beginning Teacher Support and Assessment (BTSA) program.

In addition to the district-provided training, teachers go to workshops and classes provided by the County Office of Education, colleges and universities, etc. Instructional staff members have the opportunity and are encouraged to go to district, union, county or university provided training. The purpose of staff development is to increase the skills and knowledge of every staff member to enable them to teach all students to master State and District academic learning standards. The district's program of staff development is based on these four tenets, and must:

- Be ongoing, flexible, staff-designed, and research-based
- Result in the design and application of effective problem-solving and organizational practices
- Provide an opportunity for staff to pursue, develop, implement, and evaluate curricular and instructional advancements
- Enhance the capacity of the staff to work cooperatively, and to develop exemplary professional relationships at school and district levels

2005-06 professional development was based upon a thorough analysis of student performance. District-wide staff development has been focused on differentiated instruction to meet the needs of ALL students (past workshops have been focused primarily on English Learners and Gifted students), effective classroom management and improvement of school culture via the BEST (Building Effective Schools Together) program, assisting students with difficult behaviors or learning difficulties such as autism, ADHD, bipolar disorder, etc., improving student writing, and the implementation of new texts. Training in technology was provided in optional afterschool workshops.

2006-07 staff development efforts were focused on the improvement of student writing, implementing best practices in all areas of the curriculum, preparation for the upcoming science textbook adoption.

2007-08 professional development efforts were focused on using research-based assessment to inform instruction, investigating and implementing intervention targeted to assessed needs, differentiated instruction, science and social studies adoptions, improvement of student writing, and preparation for the math textbook adoption.

2008-09 professional development included training in the use of DIBELS and CST data to inform instruction, the development and implementation of proficiency-based groupings in Reading, Math adoption and preparation for Language Arts adoption.

2009-10 professional development included additional training in Response to Intervention, differentiated instruction, and also in emergency preparedness.

2010-11 professional development included the determination for adoption of new language arts texts and preparation for the "Treasures" implementation, Response to Intervention, and working with Special Education students.

2011-12 professional development included training and implementation support for the new Treasures language arts program. Each year all staff members are trained in emergency preparedness and basic first aid. Every couple of years, the district provides certification training for CPR and First Aid for all employees.

2012-13 professional development included common core and 21st century skills awareness

2013-14 professional development included 21st century skills implementation and math common core transition.
